Commonsense and Life Insurance

TO KEEP young is something we all want to do. And it's mostly brought about by not thinking about it. You can't keep young if you are always dwelling on those terrible things that may happen when you're young no longer. That's why some people save. Saving is fine, excellent, provided you can find out in advance that you are going to live long enough to make the saving worth the stinting. It's a mean thing after you've done without your tobacco for a week, to hike into the sweet eternal. What's to be done about it anyway? Easy! A life insurance policy means saving plus. No risk of falling into the long sleep with $14.75 at the bank. Not only is your life insured, but you are insured against your own inclination to shake the baby's bank, when you see a "sure thing." Insure yourself and be assured. Don't let the wife and the kiddies run the risk of having not only lack of syrup, but actually no cakes at all. It simply means that you deposit a part of your savings with an insurance company instead of a bank. The bank simply pays you back what you put in; but the insurance company may pay much more. No bank in the world is as strong as the Equitable.

PREFACE

CHARLOTTE, N. C.
"The Bright Spot on the Map"

CHARLOTTE

CHARLOTTENC

The past decade has been a period of marked growth and development in the City of Charlotte. During this time there has taken place here, a transformation, and what was at the beginning nothing but a good sized country town, has been so changed as to assume at this time something of the aspect of metropolitan life.

The United States Census has given Charlotte a population of 34,014, which indicates a growth of 88 per cent. during the ten year period. In point of population, Charlotte now leads all the Cities in the State of North Carolina.

As a natural sequence of the increase in population, a large number of buildings have been erected, the highest number which have been built in a single year being 814. Beside the large number of dwelling houses there has been added to the City a number of handsome buildings, which fill a need in the rapidly growing City, and not only better facilities in the transaction of business but which have contributed toward placing Charlotte as a City in a class by itself, so far as the two Carolinas are concerned.

Included in the list of these buildings are the Selwyn Hotel, Manufacturers' Club, Realty Building, Sanitorium, Young Men's Christian Association, Law Building, Auditorium, American Building and others.

The industrial life of the city has been greatly augmented by the addition of a long list of new factories of all sizes and the building of additions to several of those already in operation, whose business had outgrown their former quarters.

No more striking assurance of the growth of the City of Charlotte is in evidence than that of the steady advance in real estate. An advance in real estate is only made possible by an increase in the demand and the demand is only possible through additions to the population. In several instances property which recently has been transferred shows more than double the value of ten years ago.

The activity in the real estate market which has of late been so noticable provides an excellent index of what the year before us will produce in the building line. No more favorable indication for a good business has ever existed at this season of the year.

In the year 1900 the Southern Bell Telephone Company had 689 subscribers in Charlotte, the increase in the use of the telephone has kept pace with the growth in population and at the beginning of the year 1911, the number had reached 3544, with every prospect of a proportionate increase for the future.

The receipts of the Post-Office for the sale of stamps alone amounted to $50,194.42 in the year 1900. In ten years the receipts have increased to $146,443.27, or nearly three times what they were at the beginning of this period.

The banks of Charlotte in the year 1900 showed deposits amounting to $2,060,308. By January 1911 the total of deposits as shown by the annual statement has reached the sum of $6,103,158.

No single factor in the building of Charlotte has done so much toward bringing the people together into one homogeneous body than has the influence of the Building and Loan Associations. Approximately 5000 people are at the present time members of the four Associations in Charlotte and the savings of these people aggregate over one million of dollars per annum. Many people have been able to secure homes of their own through this agency, being patronized by all classes of people. There is no collateral which can be offered in Charlotte, having so high a loan value as the Building and Loan Stock. General business is stimulated by these institutions, the building of a better class of houses is encouraged, and they have done much toward building a staple and permanent community.

Of the 780 cotton mills in the entire South, 500 lie in the two Carolinas and practically all of this number are within a hundred miles of Charlotte, thus making this place the center of the Southern cotton mill development. Thousands of wage earning people are employed in these mills, and they represent the investment of millions of dollars of capital.

The development of the holdings of the Southern Power Company has

PREFACE Continued

WATCH CHARLOTTE GROW

been the greatest enterprise of the decade. This big concern with its headquarters in Charlotte is distributing hydro-electric power all over the two Carolinas, a distance of over 300 miles, with 1300 miles of transmission wires now in use and more in process of erection. Not content with supplying all the factories in this territory with power, and lighting the various towns and cities, running the electric railways, etc., this enterprising concern has laid plans for the building of an electric railroad which is to be built so as to carry both freight and passengers. Contracts for the first work have been let and in less than a year this place will be enjoying the benefit of an interurban electric railway service. There is no estimating the value through increased business, convenience and economy, which the new road will be the means of supplying.

The far famed graded stone roads of Mecklenburg County have proved to be one of the most important factors in the development here, and are rightly considered to occupy a first place in the economy of the people. Standing out as the pioneer of the good roads movement in this section of the country, hundreds of people have visited Charlotte for the express purpose of learning how the roads are built and of witnessing the building of them. Beginning at first in a small way with crude apparatus and little experience the work has been steadily pushed until today they have been extended in every direction and radiate through all parts of the county, measuring a total of 230 miles.

A wide-awake organization of live wires of the City, known as The Greater Charlotte Club is working for the upbuilding of the City and stands for a better and greater Charlotte, morally, educationally, commercially, and industrially. Alive to the best interests of the City, this organization is continually and persistently engaged in the work of making the advantages of Charlotte known to the world. Attracting to the City each year, a large number of visitors and making every legitimate endeavor to put Charlotte on the map. The work that has been accomplished by the energies of the 600 odd members of this organization is in marked evidence to the visitor who chances to put foot on the streets of Charlotte. Everywhere the spirit of welcome to the stranger is made to be felt and he is impressed by the pride which the people take in the city they call Home. The people of Charlotte have been led to cultivate the habit of sounding its praises both at home and abroad and through the efforts of The Greater Charlotte Club, they have become to an individual, an army of loyal boosters for Charlotte.

The careful observer finds no real reason why anybody should express surprise over the fact that Charlotteans possess such a pride in their beautiful City, for on every hand may be found striking examples of the natural beauty, the beautiful handiwork of man, and of the material development which is in progress, and which has so steadily gone on from year to year until now, the time has arrived, when this thriving community attracts the eyes of all who turn toward it with critical gaze, dazzling the beholder as it stands out in glistening prominence, the Bright Spot on the map of the good old State of North Carolina.

The foregoing article is written by one who is in a position to know whereof he speaks. There is no question, whatsoever, Charlotte is rapidly forging to the front. Having outstripped her competitors, she is today the Metropolis of the Great Piedmont Section. Before concluding we desire to thank all who have assisted in making this issue of the Directory a success. We desire also to call to the attention of our patrons, that they will find a library of directories (including many important cities,) in the office of "The Greater Charlotte Club" which is placed there for your use, and which we are continually enlarging from time to time. Again thanking you, we are

Yours very truly,

REIGNS SUPREME.

The King of all coal mined is the Jellico, which we parcel out to well advised customers at as little per ton as we can afford and still pay for food, lodging and clothing once in a while. You can't do better—may do a lot worse—than buy coal here.

We are also headquarters for wood, all dry and well seasoned.

Facts worth while.

Mr. Merchant

Your Trade is not Limited to your Immediate Neighborhood.

THE DIRECTORY

Brings you in close touch with the Remote parts of the City.

Is this the height of your ambition?

Get Wise to these Facts
It will Be Worth While

The Mechanic may be limited by his trade, and have to hammer along the same old line. But you have a wide field.

Take my advice

And Be Progressive

Increase your business by advertising. The up-to-date merchant never gets more Business than he can handle.

Branch out

Directory Advertising will bring satisfactory results.

"A word to the wise should be sufficient."

"Talk it over with the Directory Man.

PIEDMONT DIRECTORY CO.
Asheville, N. C.

East Avenue Drug Co.

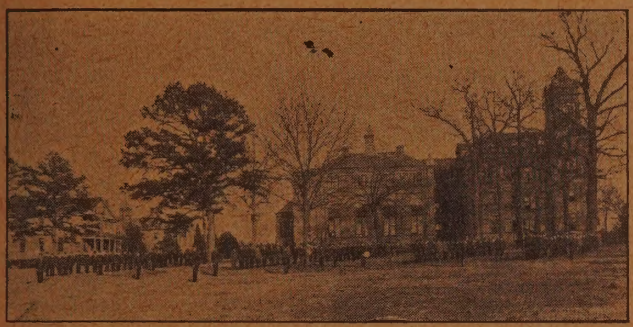
Biddle University

CHARLOTTE, N. C.



Biddle University, founded by the Presbyterian Church in the U. S. A., has four departments, namely, Normal and Preparatory, Arts and Sciences, Theological, and Industrial.

The Preparatory and Collegiate Departments have each two courses of study, Classical and Scientific; the Scientific omitting the Greek and Latin Classics.

The Normal and Preparatory School is designed to prepare the students for teaching and for business life, or for entering the School of Arts and Sciences.

All students in the Preparatory course are required to take some trade and report every day for work in the Industrial School. College students may also take trades. At present several trades are being taught—Carpentry, Printing, Bricklaying, Plastering, Shoemaking and Blacksmithing. One-fourth of the time in recitation hours is devoted to industrial training.

The Collegiate Department consists of four years, the Theological three. The course of study prescribed in the Theological Department is liberal and practical. Besides the ordinary English subjects of the Theological Seminary, students who have taken a College course, or its equivalent, pursue exegetical study of the Greek and Hebrew Scriptures in the Junior and Middle years. Where the previous training of students has been partial and his years are mature, a shorter and purely English course has been provided.

The school year begins the 1st Wednesday of October, and closes the 1st Wednesday of June.

For information or catalogue, write President H. L. McCrorey.

FOUNDED 1898 INCORPORATED 1899

The North Carolina Mutual & Provident Association

of DURHAM, N. C.

THE LARGEST NEGRO INSURANCE COMPANY IN THE WORLD

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

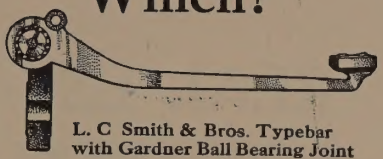
Friction Bearings or Ball Bearings—Which?



L. C Smith & Bros. Typebar with Gardner Ball Bearing Joint

The ordinary friction bearing **will** wear loose. Each revolution or vibration grinds out a small portion of the bearing surface. After a while it wabbles—adjustment permanently ruined.

The New Model

L. C. Smith & Bros. Typewriter

is fitted with **Ball Bearings** throughout. Every vital wearing part—typebar joints, carriage, and typebar segment—has the kind of bearings that thousands of operations cause to run even smoother than at first.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

[S constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

KNOWLEDGE is Wisdom Be Wise, and for Nervous Headaches use Woodruff's Bromalene. Sold at all Drug Stores. Manufactured by The Woodruff Pharmacy, 1600 S. Boulevard.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

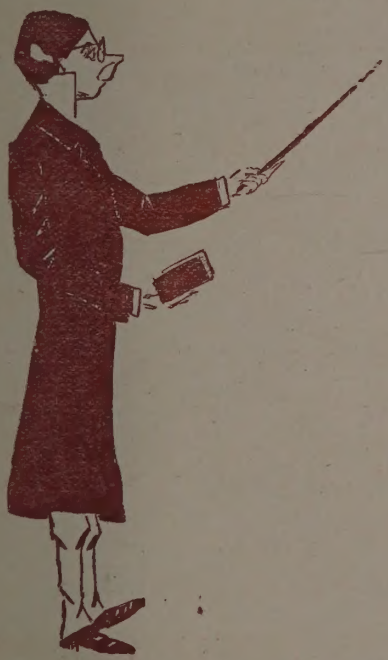
THE CITY DIRECTORY

Do You Know What It Is?



Do you know it is the Best Barometer of a city's growth?

A most efficient time-saver? Contains information found in no other publication. The only medium that reaches all classes of people all the time?

Do you know wide-awake merchants advertise in the City Directory? Progressive men value it. The stranger consults it.

And the man who says he does not need it, is generally the first one to borrow it.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

CHARLOTTE, N.C.

Stop, Think, Reason

Our ancestors began life on feathers. In youth, maturity, and old age, their most restful hours were spent on feather b — ripe old age being a result of comfort and contentment.

One third of life is spent in bed. It should be a natural ing place. Man may devise many substitutes, but a feathe is a real bed—it is nature's contribution to man's comfort. It is durable, convenient, comfortable, and inexpensive. Nice new feathers and best grade of ticking used in all our goods.

After careful and personal examination of all the Colleges for women in North and South Carolina I have selected

ELIZABETH COLLEGE

as my first choice for the education of my daughter. I like the College in all respects

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

PRINTING

WE have a superb, modern equipment for doing all kinds of *PRINTING.* We also have men who *Know how to Print;* men who have gotten out of the rut and are capable of producing work that is

TASTEFUL - ARTISTIC - ORIGINAL

IT pays to study out new ways of doing old things. *We Study!* As a result we are constantly producing new and attractive typographical effects--work that is *Out of the Rut* and high above the horizon of the comonplace.

We want the work of men who are *Particular!* The order cannot be to large or too small to have our most *Careful Attention* and we *Guarantee Satisfaction* in work and prices in every case.

Typesetting on Mergenthaler Linotype Machines Done on Short Notice

PHONE 1530 29 South Tryon St.

The Carolinas Greatest Evening Paper

THE CHARLOTTE NEWS

¶ A vigorous paper of influence and character—a fighter for progress and social and political purity.

¶ Its *Circulation* exceeds that of any evening paper in the Carolinas.

¶ Its *Home Circulation* far exceeds that of any other paper.

¶ It publishes more local, foreign and classified advertising than any paper in the Carolinas.

¶ Issued every afternoon and Sunday morning at $6 a year.

With Local Advertisers The News is Supreme

FOR MORE THAN HALF A CENTURY

THE TIMES-DEMOCRAT

¶ Has been the favorite newspaper in the homes of the prosperous farmers living in the rich agricultural district surrounding Charlotte. *Its Circulation* in Mecklenburg County is about *double* that of any other paper.

Issued Mondays and Thursdays at One Dollar a Year

¶ The Territory covered by these papers is always prosperous. It produces vast crops of cotton and cereals, and embraces 425 cotton mills operating more than half of the spindles in the South. A market gained here is a source of continuous profit and the quickest way of gaining it is by advertising in the papers the people know and trust—

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

Unseen it Helpeth With Faithful Hands

Unheard it Speaketh Stronger than the Storm

ROYAL FRATERNAL ASSOCIATION

Home Office: CHARLOTTE, N. C.

The best thinking men and women are flocking to the live wire of the ROYAL FRATERNAL ASSOCIATION

A FRATERNAL INSURANCE ORGANIZATION, operating under the laws of North Carolina.

Why you should join the ROYAL FRATERNAL ASSOCIATION.

1st. It is a Home Organization and gives employment to a large number of our people.

2nd. We give a larger amount of Insurance for the Premium received than any regular Insurance Company.

3rd. The ROYAL FRATERNAL ASSOCIATION helps you when you are out of employment.

4th. You may take a certificate with the ROYAL FRATERNAL ASSOCIATION from 30cts to $4.00 per month.

5th. The payments are made monthly, and you are not bothered with collectors every week.

6th. The ROYAL FRATERNAL ASSOCIATION gives the best protection for sickness, accident and death.

Liberal terms are offered to reliable and energetic men and women. For further information address
